User Manual

Electronic Document Management System

v1 | 2026

Welcome to the Electronic Document Management System (eDMS). This manual provides comprehensive guidance on using the platform to manage, secure, and automate your organization's document workflows. From simple document storage to complex digital approval processes, this system is designed to streamline your operations and ensure total compliance.

1. System Overview

1.1 Introduction

The Electronic Document Management System (eDMS) is a comprehensive enterprise platform designed to manage, organize, track, and secure documents within an organization. The system provides centralized document storage, automated workflow processing, role-based access control, and detailed audit logging.

1.2 Key Features

Feature	Description
Document Management	Upload, view, edit, version, and organize documents with security scanning
Letter Management	Handle incoming, outgoing, and internal correspondence
Workflow Automation	Create visual workflows with approval chains
Digital Signatures	Sign documents electronically with canvas and digital signatures
OCR Processing	Automatic text extraction from scanned documents
Antivirus Scanning	Automatic malware detection on uploads
Document Checkout	Lock documents for exclusive editing
Version Control	Track and compare document versions
Role-Based Access	Granular permission control at resource/action level
Advanced Search	Multi-criteria search with saved searches
Audit Logging	Comprehensive activity tracking for compliance
Multi-Language	English, Amharic, Oromo, Tigrigna

1.3 Supported File Types

Category	Formats	Extensions
Documents	PDF, Word, Text	.pdf, .doc, .docx, .txt, .md
Spreadsheets	Excel	.xls, .xlsx
Presentations	PowerPoint	.ppt, .pptx
Images	JPG, PNG, GIF, SVG	.jpg, .jpeg, .png, .gif, .svg

2. Getting Started

2.1 System Requirement

Browser Requirements

- ❖ Chrome (latest version)
- ❖ Firefox (latest version)
- ❖ Safari (latest version)
- ❖ Edge (latest version)

Minimum Specifications

- ❖ Internet connection
- ❖ JavaScript enabled
- ❖ Cookies enabled

2.2 First-Time Access

Step 1: Open your web browser

Step 2: Navigate to the eDMS application URL

Step 3: You will see the Landing Page

Step 4: From the Landing Page, you can:

- ❖ Click "Get Started" to go to Login page
- ❖ Click "Explore Features" to learn about system features

2.3 Landing Page Overview

The eDMS Landing Page is the first page you see before logging in. It provides an overview of the system features.

Landing Page Sections

1. Hero Section

- ❖ System name: "Next-Generation Document Management"
- ❖ Tagline: "Secure and collaborative document management platform designed for modern enterprises."
- ❖ Two main buttons:
 - "Get Started" → Login page
 - "Explore Features" → Features section

2. Features Grid

Feature	Description
Content-Addressable Storage	Hash-based file storage with automatic deduplication. Save 40-60% storage space with SHA-256 integrity verification.
Advanced Security	Advanced identity management, role-based access control, and AES-256 encryption for data at rest and in transit.
Version Control	Complete version history with diff capabilities. Track every change, edit, and modification with atomic operations.
OCR & Processing	Automatic text extraction from images and PDFs. Real-time antivirus scanning and document format conversion.

Workflow Automation	Visual drag-and-drop workflow designer. Multi-level approval workflows with escalation rules and task tracking.
Advanced Search	Full-text search with advanced semantic understanding. Faceted search, fuzzy matching, and auto-complete.
Real-Time Collaboration	Threaded comments, visual annotations, and presence indicators. Share documents with granular permission controls.
Analytics & Insights	Comprehensive usage analytics, document trends, and compliance reporting. Custom dashboards with export capabilities.
Enterprise Integration	RESTful API, webhook support, LDAP/Active Directory integration. SAML, OAuth, and Single Sign-On support.

3. Enterprise Capabilities

- ❖ Content-Addressable Storage (CAS)
- ❖ Visual Workflow Designer
- ❖ Digital Signatures & Verification
- ❖ Automated Compliance Reports
- ❖ Advanced Document Classification
- ❖ Real-Time Antivirus Scanning
- ❖ Advanced Audit Trail System
- ❖ Real-Time Notifications & Alerts

4. About Section

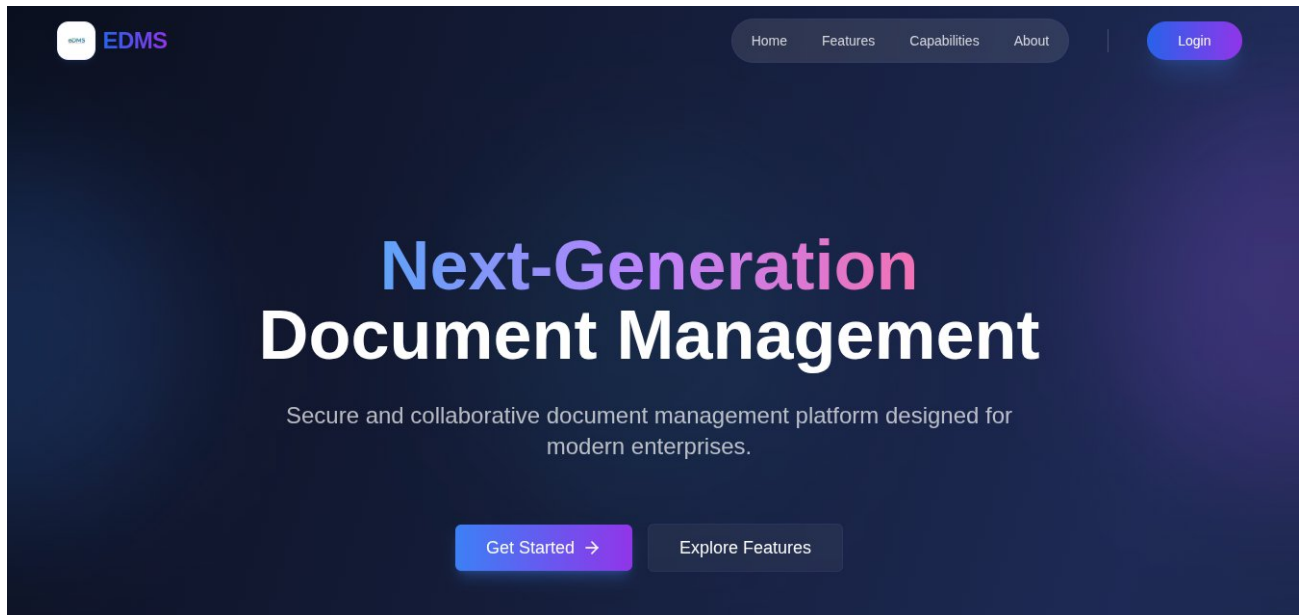

Information about the system and its capabilities.

Navigating from Landing Page

To Login:

Step 1: On the Landing Page, click "Get Started" button

Step 2: You will be redirected to the Login page

To View Features:

Step 1: Click "Explore Features" button

Step 2: Scroll through the features grid

Step 3: Click on any feature card for more details

3. Login and Authentication

3.1 Login Page

The login page contains:

- ❖ Company/System logo
- ❖ Welcome message

- ❖ Email field
- ❖ Password field
- ❖ Sign In button

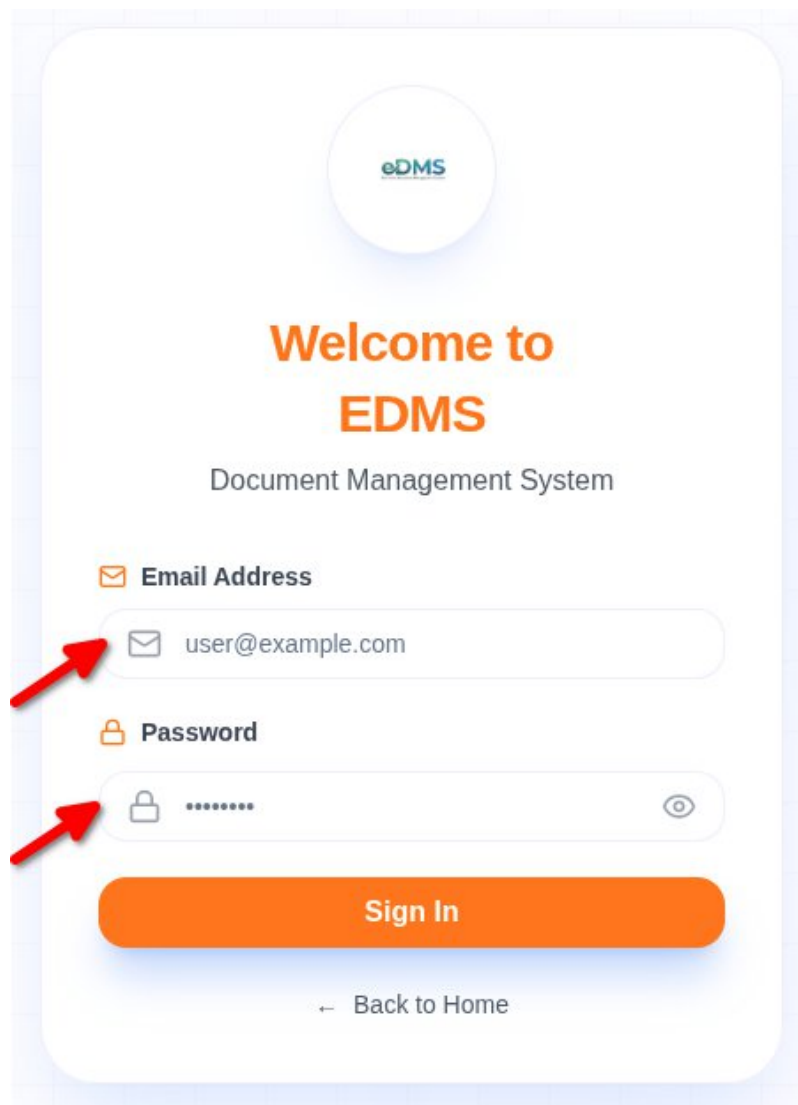

3.2 Standard Login Procedure

Step 1: Locate the email field

Step 2: Enter your email address (provided by administrator)

Step 3: Enter your password

Step 4: Click "Sign In" button

The image shows a login interface for the eDMS (Electronic Document Management System). At the top, there is a circular logo with the text "eDMS". Below the logo, the text "Welcome to EDMS" is displayed in a large, bold, orange font, followed by "Document Management System" in a smaller, grey font. The login form consists of two input fields: "Email Address" and "Password". The "Email Address" field contains the text "user@example.com" and has a red arrow pointing to it. The "Password" field contains a series of dots and has a red arrow pointing to it. Below the input fields is a large orange button labeled "Sign In". At the bottom of the form, there is a link labeled "← Back to Home".

Step 5: Wait for authentication

Step 6: Upon success, you will be redirected to the Dashboard

3.3 Failed Login Attempts

If you enter incorrect credentials:

- ❖ Error message will be displayed
- ❖ You may try again
- ❖ After multiple failed attempts, your account may be locked

3.4 First-Time Login / Password Change

For first-time users or forced password changes:

Step 1: After entering initial credentials, you will see the password change page

Step 2: Enter your current password

CurrentPassword:[_____]

Step 3: Enter your new password

NewPassword:[_____]

Step 4: Confirm your new password

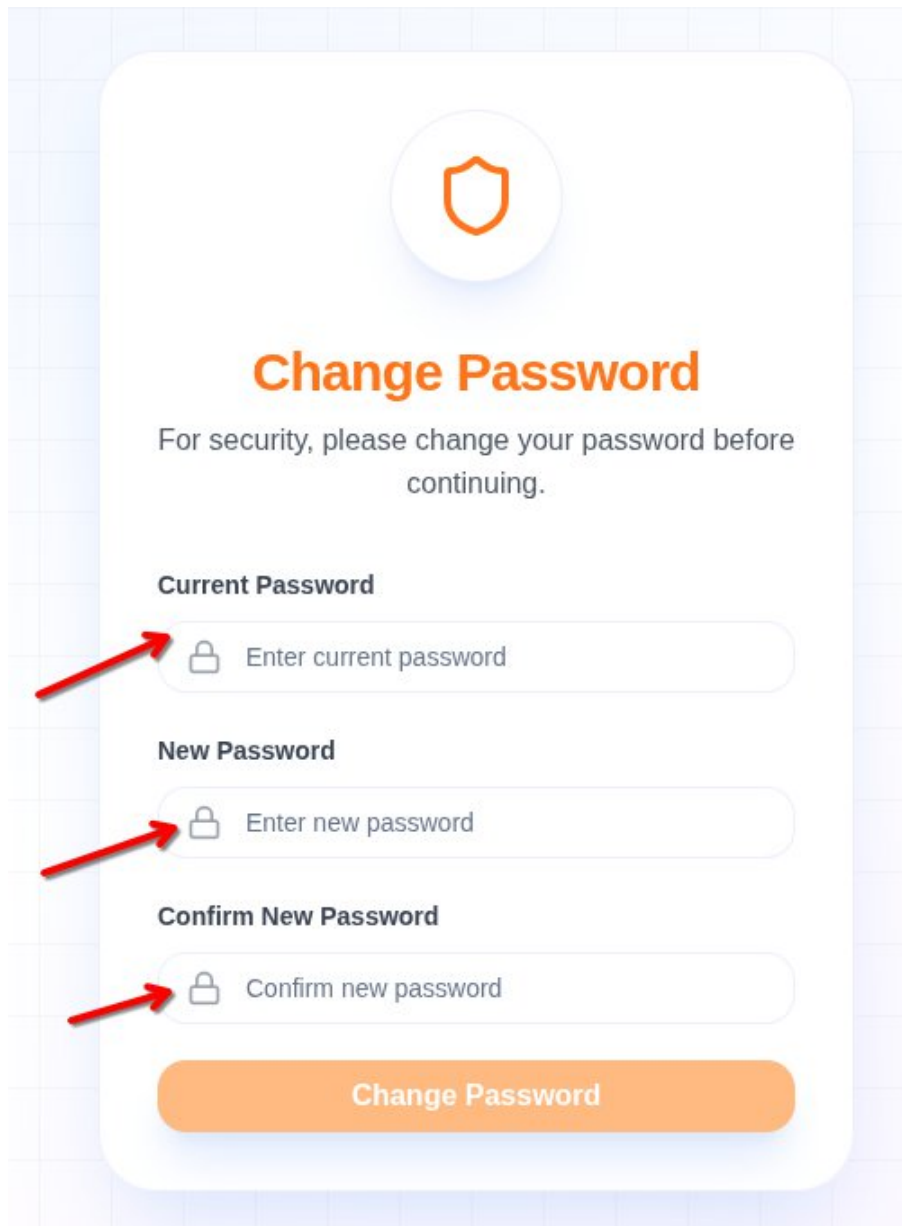

ConfirmNewPassword:[_____]

Step 5: Review password strength indicator

Indicator	Color	Meaning
Weak	Red	Add more characters
Medium	Yellow	Better, but can be stronger
Strong	Green	Recommended

Step 6: Click "Change Password"

Step 7: You will be redirected to the Dashboard

The image shows a 'Change Password' form interface. At the top, there is a shield icon inside a circle. Below it, the title 'Change Password' is displayed in orange. A message states: 'For security, please change your password before continuing.' The form contains three input fields, each with a lock icon and a red arrow pointing to it from the left. The first field is labeled 'Current Password' and contains the placeholder text 'Enter current password'. The second field is labeled 'New Password' and contains the placeholder text 'Enter new password'. The third field is labeled 'Confirm New Password' and contains the placeholder text 'Confirm new password'. At the bottom of the form is an orange button labeled 'Change Password'.

3.5 Password Requirements

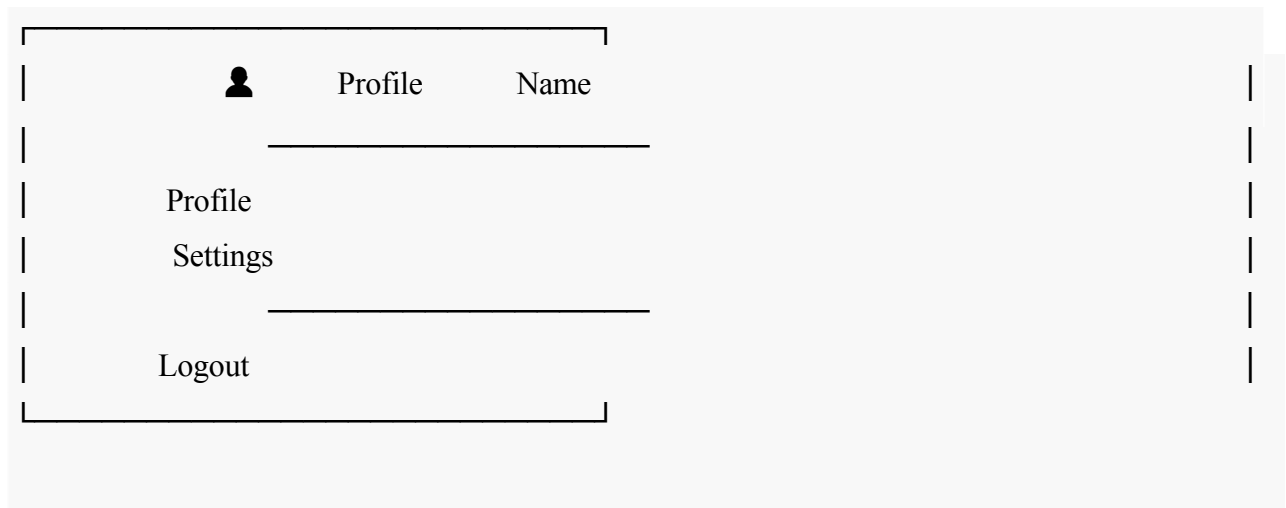

Your password must meet ALL of the following criteria:

- ❖ At least **8 characters** long
- ❖ Contains **uppercase** letters (A-Z)
- ❖ Contains **lowercase** letters (a-z)
- ❖ Includes **at least one number** (0-9)
- ❖ Has **at least one special character** (!@#\$\$%^&*)

3.6 Logging Out

Step 1: Click on your profile icon in the top-right corner

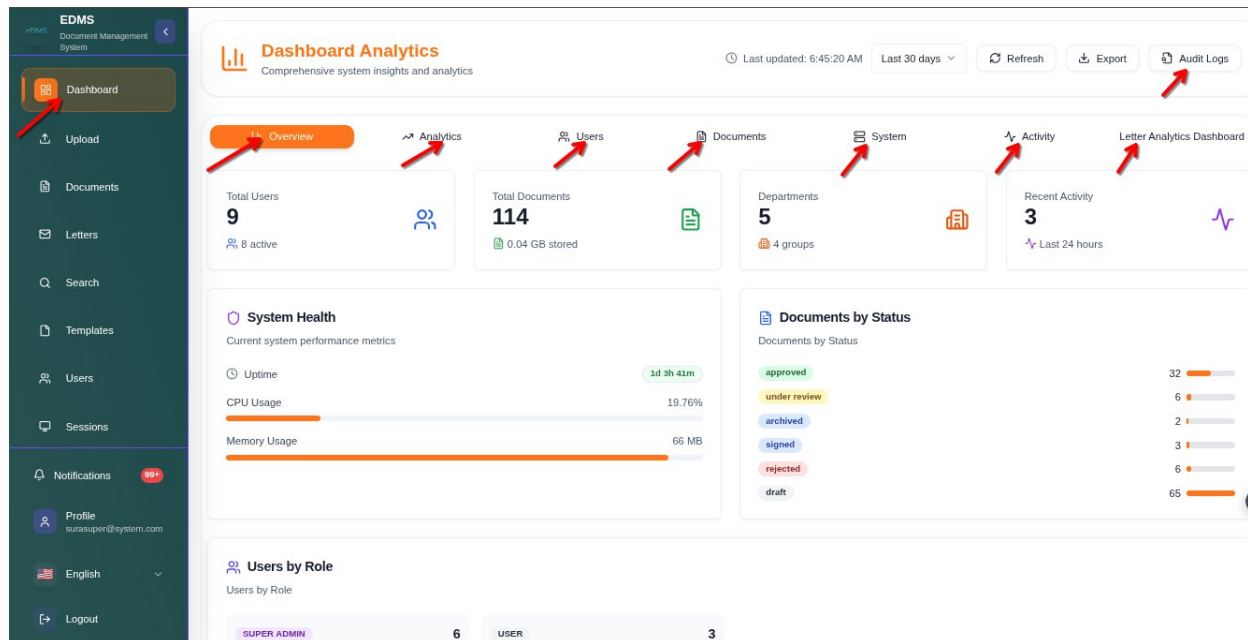

Step 2: Select "Logout" from the dropdown menu

Step 3: You will be redirected to the login page

4. Dashboard

The Dashboard is your central hub for monitoring and managing the eDMS system. It provides real-time insights into system performance, user activity, document statistics, and more.

4.1 . Dashboard Overview

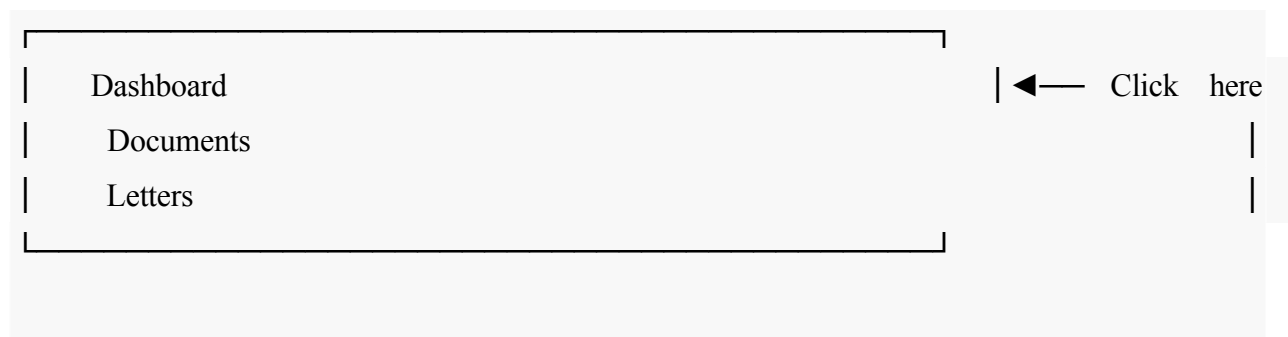

The Dashboard is your central hub, displaying:

- ❖ System overview statistics

- ❖ Quick actions
- ❖ Recent activity
- ❖ System health
- ❖ Analytics charts

4.2 . Accessing the Dashboard

Step 1: Click "Dashboard" in the main navigation menu

4.3 . Dashboard Header Controls

The Dashboard header contains important controls:

Time Range Selector

Step 1: Locate the time range dropdown in the header

Step 2: Click to select desired time range:

Option	Description
Last 1 Hour	1 hour of data
Last 24 Hours	24 hours of 7 Days
Last data	

Last 30 Days	30 days of data
Last 90 Days	90 days of data

Step 3: The dashboard data will update automatically

Refresh Button

Step 1: Click the "Refresh" button in the header

Step 2: Wait for data to reload

Step 3: Last updated timestamp will be shown

Export Button

Step 1: Click "Export" button

Step 2: Choose export format

Step 3: File will download to your device

Audit Logs Button

Step 1: Click "Audit Logs" button

Step 2: You will be redirected to the Audit page

4.4 Dashboard Tabs

The Dashboard contains 7 main tabs:

Tab	Icon	Description
Overview	BarChart3	Summary statistics and quick stats
Analytics	TrendingUp	Detailed charts and trends
Users	Users	User-related analytics
Documents	FileText	Document statistics
System	Server	System performance metrics

Activity	Activity	Real-time activity feed
Letter Analytics	Mail	Letter/correspondence analytics

4.5 Overview Tab (Default)

The Overview tab is the default view when you access the Dashboard.

Quick Statistics Cards

Step 1: View the top statistics cards:

Statistic	Description
Total Users	Number of registered users
Active Users	Currently active users
Total Documents	All documents in system
Departments	Number of departments
Groups	Number of user groups
Storage Used	Total storage in GB

Document Status Distribution

Step 1: View documents by status:

Status	Description
Draft	Documents being created
Under Review	Pending approval
Approved	Approved documents
Rejected	Rejected documents

Users by Role

Step 1: View user distribution by role:

Role	Description
Super Admin	Full system access
Admin	Administrative access
User	Regular user access

System Health Status

Step 1: View system health indicators:

Status	Color	Meaning
Healthy	Green	System functioning normally
Warning	Yellow	Some issues detected
Critical	Red	Immediate attention required
Unknown	Gray	Status cannot be determined

Performance Metrics

Step 1: View performance metrics:

Metric	Description
Uptime	System availability percentage
CPU Usage	Current processor usage
Memory Usage	Current RAM usage

Load Average	System load over time
---------------------	-----------------------

4.6 Analytics Tab

The Analytics tab provides detailed charts and trends.

Time Range Selection

Step 1: Click "Analytics" tab

Step 2: Select time range from header dropdown:

- ❖ Last 1 Hour
- ❖ Last 24 Hours
- ❖ Last 7 Days
- ❖ Last 30 Days
- ❖ Last 90 Days

Activity Trends Chart

Step 1: View the Activity Trends line/area chart

Step 2: See daily activity counts

Step 3: Hover over data points for details

Documents by Department Chart

Step 1: View documents grouped by department

Step 2: Use pie chart or bar chart view

User Analytics Chart

Step 1: View users by role distribution

Step 2: See breakdown by user type

Department Analytics

Step 1: View department performance

Step 2: See user count and document count per department

Workflow Analytics

Step 1: View workflow status distribution

Step 2: See completed vs pending workflows

Chart Controls

Step 1: Change chart type:

- ❖ Line Chart
- ❖ Area Chart
- ❖ Bar Chart
- ❖ Pie Chart

Step 2: Download individual chart:

- ❖ Click download icon on chart

4.7 Users Tab

The Users tab displays user-related analytics.

User Statistics

Step 1: Click "Users" tab

Step 2: View user metrics:

❖ Total Users

- ❖ Active Users
- ❖ Inactive Users

User Activity Chart

Step 1: View user activity over time

Step 2: See login patterns

Users by Role Distribution

Step 1: Display a pie chart representing the distribution of users across different roles (e.g., Admin, Instructor, Student, Department Head).

Step 2: Show the total number of users for each role alongside or below the chart for detailed reference.

Top Active Users

Step 1: View list of most active users

Step 2: See activity counts

4.8 Documents Tab

The Documents tab displays document-related analytics.

Document Statistics

Step 1: Click "Documents" tab

Step 2: View document metrics:

- ❖ Total Documents
- ❖ Documents by Status
- ❖ Documents by Type

Document Trends

Step 1: View document creation trends

Step 2: See upload patterns over time

Documents by Department

Step 1: View department-wise document distribution

Step 2: Compare department document counts

4.9 System Tab

The System tab displays system performance and health metrics.

System Health Overview

Step 1: Click "System" tab

Step 2: View overall health status

CPU Performance

Step 1: View CPU metrics:

- ❖ Current Usage %
- ❖ Number of Cores
- ❖ CPU Model
- ❖ Load Average (1m, 5m, 15m)

Memory Usage

Step 1: View memory metrics:

- ❖ Total Memory
- ❖ Used Memory
- ❖ Free Memory

- ❖ Usage Percentage

Process Information

Step 1: View process metrics:

- ❖ Process Uptime
- ❖ Heap Used
- ❖ Heap Total
- ❖ RSS Memory

System Information

Step 1: View system details:

- ❖ Node.js Version
- ❖ Platform Information

4.10 Activity Tab

The Activity tab shows real-time activity feed.

Activity Feed

Step 1: Click "Activity" tab

Step 2: View real-time activity stream

Step 3: See recent actions by users

Activity Types

View different types of activities:

Type	Description
Document Upload	New document uploaded
Document Download	Document downloaded
Document Edit	Document modified
Login	User logged in
Logout	User logged out
Workflow Action	Approval/rejection
User Created	New user added

Activity Details

Step 1: Click on activity item

Step 2: View detailed information:

- ❖ Timestamp
- ❖ User
- ❖ Action performed
- ❖ Affected resource

4.11 Letter Analytics Tab

The Letter Analytics tab displays letter/correspondence statistics.

Letter Statistics

Step 1: Click "Letter Analytics" tab

Step 2: View letter metrics:

- ❖ Total Letters
- ❖ Incoming Letters
- ❖ Outgoing Letters
- ❖ Internal Memos

Processing Time

Step 1: View average processing time

Step 2: See response rate

Letter Trends

Step 1: View letter volume trends

Step 2: See patterns over time

4.12 Quick Actions from Dashboard

From any Dashboard tab, you can access quick actions:

Action	Location	Description
Upload Document	Header	Quick upload
View Tasks	Tasks page	Pending tasks
View Documents	Documents page	Document list
View Users	Users page	User management

4.13 Exporting Dashboard Data

Step 1: Click "Export" button in header

Step 2: Select time range

Step 3: Choose export format

Step 4: File downloads automatically

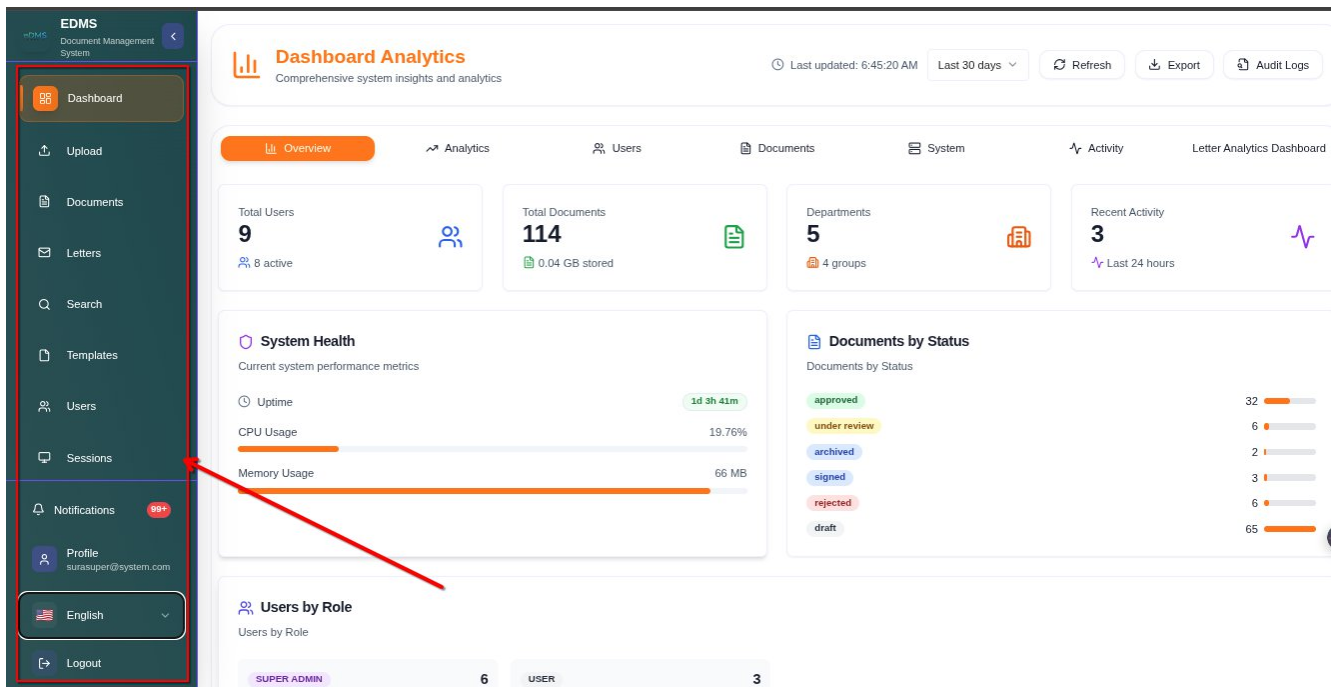

4.14 Refreshing Dashboard Data

Step 1: Click "Refresh" button in header

Step 2: Wait for reload

Step 3: "Last updated" timestamp refreshes

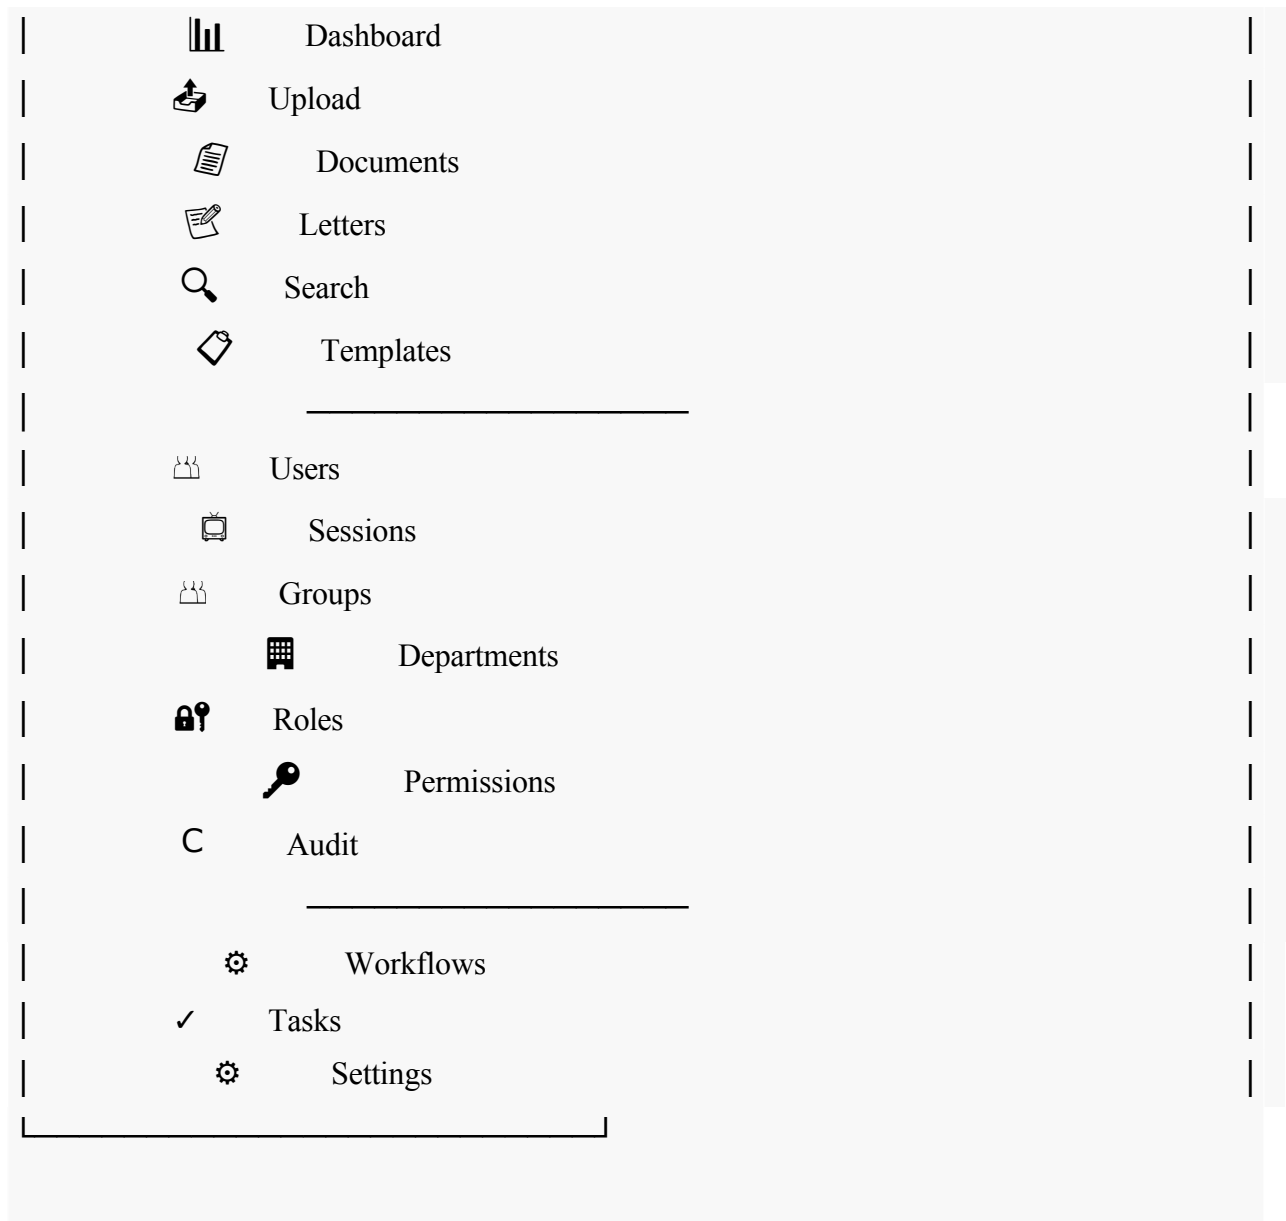

5.Navigation

5.1 Main Navigation Menu

The left sidebar contains:

5.2 Top Navigation Bar

Contains:

- ❖ Logo/System name
- ❖ Global search bar
- ❖ Notification bell
- ❖ Language selector

- ❖ Profile menu

5.3 Language Switching

Step 1: Click on language selector (if available)

Step 2: Select preferred language:

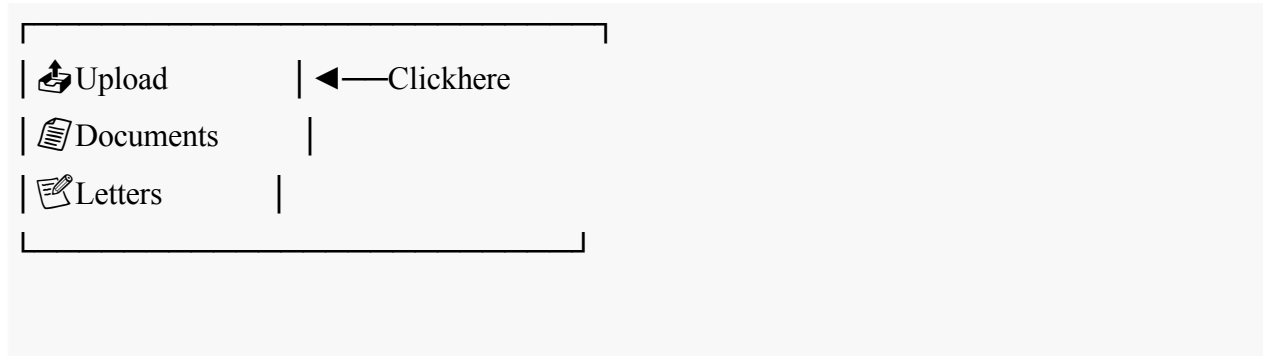

- ❖ English
- ❖ Amharic ()
- ❖ Oromo (Afaan Oromoo)
- ❖ Tigrinya ()

6.Upload

The Upload page allows you to upload documents to the eDMS system. You can upload single or multiple files at once.

6.1 Accessing the Upload Page

Step 1: Click "Upload" in the main navigation sidebar

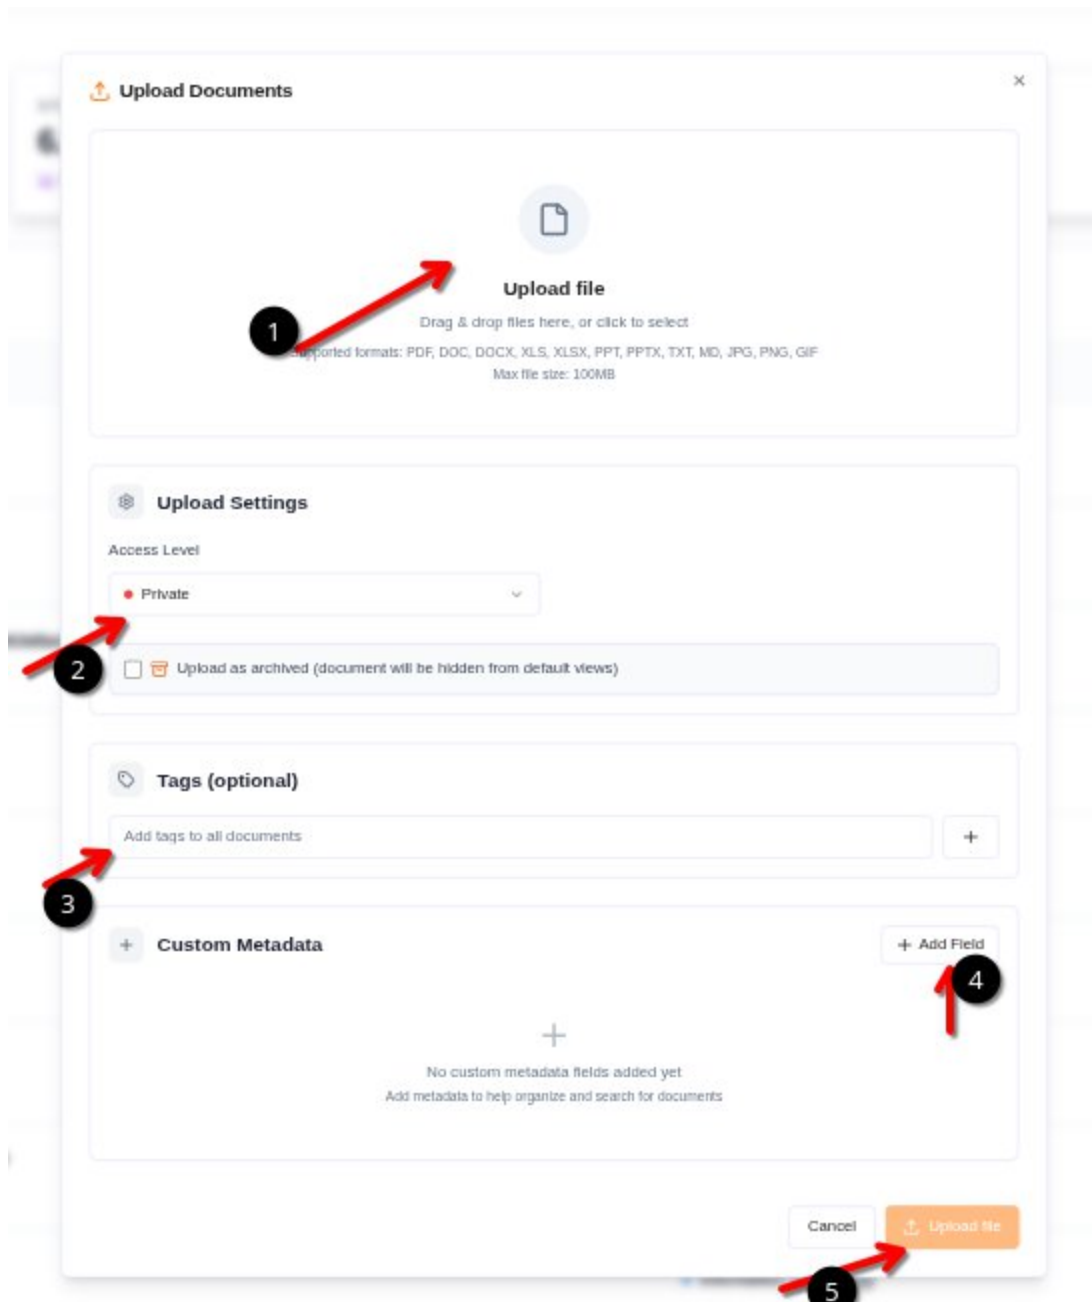

6.2 Upload Methods

The Upload page provides two methods:

Method	Description	Max Files
Single File Upload	Upload one file at a time	1
Bulk Upload	Upload multiple files at once	50

6.3 Single File Upload

Step 1: Click "Upload" in navigation

Step 2: Ensure "Single File Upload" is selected (default)

Step 3: Drag and drop your file into the upload area OR click to browse

Drag & drop files here

or click to select

Step 4: Enter document details:

Field	Required	Description
Document Title	Yes	Name of the document
Description	No	Brief description
Category	No	Document classification
Access Level	Yes	Who can view
Tags	No	Keywords for search

Step 5: (Optional) Add custom metadata

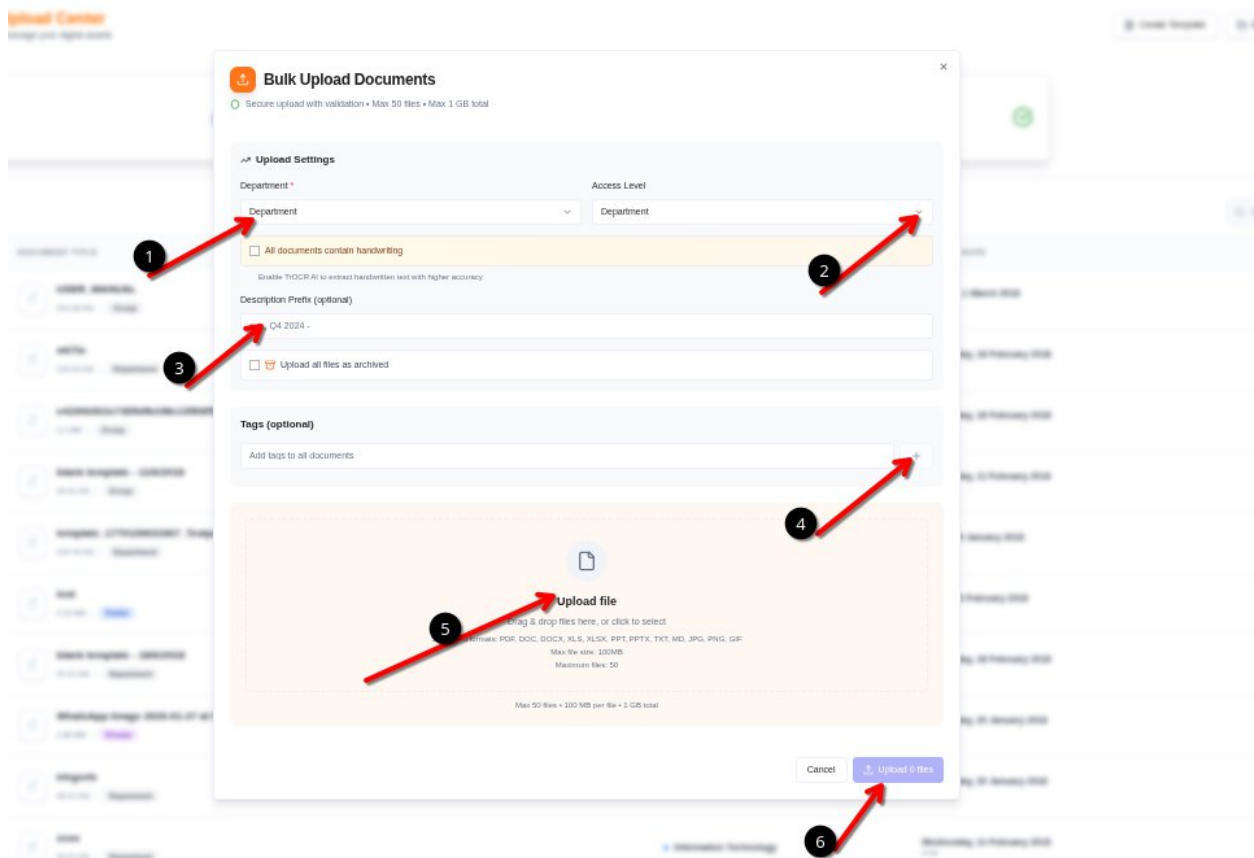

Step 6: Click "Upload" button

Step 7: Wait for upload to complete

Step 8: View upload status:

- ❖ Scanning (yellow)
- ❖ Completed (green)
- ❖ Failed (red)

6.4 Bulk Upload

Step 1: Click "Upload" in navigation

Step 2: Click "Bulk Upload" tab

Step 3: Drag and drop multiple files OR click to browse

Step 4: Configure common settings:

Setting	Description
Description Prefix	Text to add before each file description
Tags	Tags to apply to all files
Access Level	Access level for all files
Category	Category for all files

Step 5: Review file list

Step 6: Click "Upload [X] files" button

Step 7: View progress for each file

Step 8: Review results:

- ❖ Successful uploads (green checkmark)
- ❖ Failed uploads (red X with reason)

Understanding Document Status Flow

Documents in eDMS follow a structured lifecycle from upload to archival. Understanding these statuses is essential for effective document management and workflow tracking.

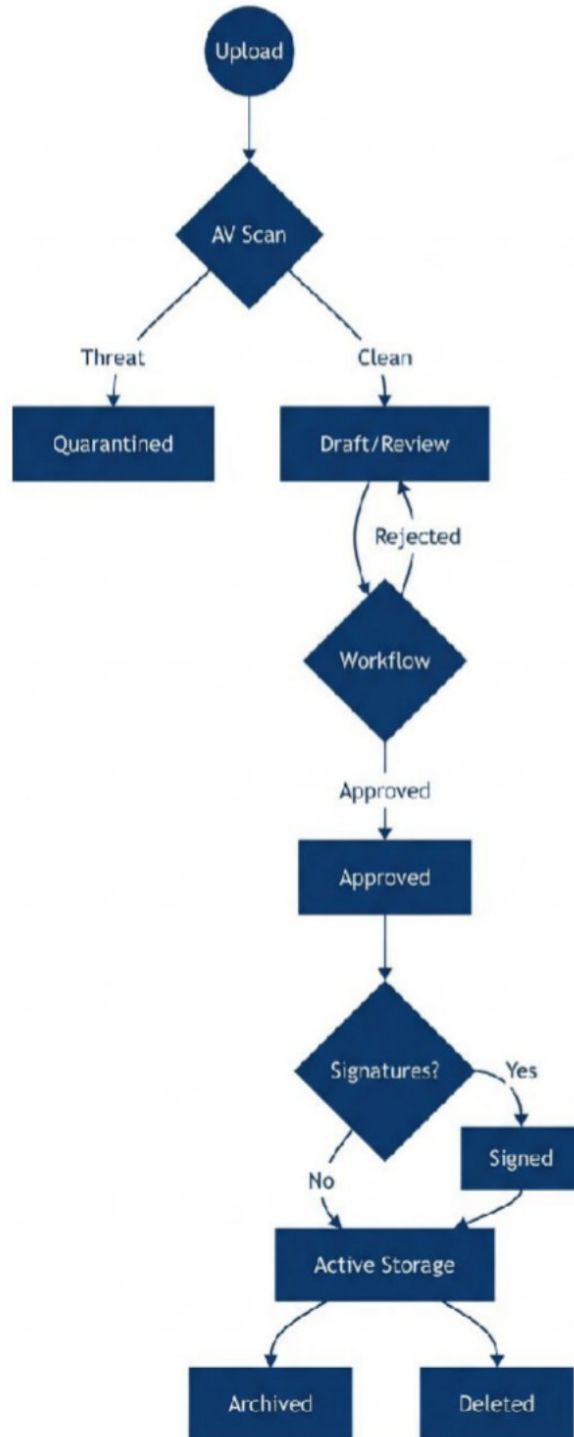

6.5 Status Definitions

Status	Meaning	Visibility
Draft	Initial creation state.	Creator only
Under Review	Actively being reviewed in a workflow.	Reviewers & Creator
Approved	Successfully passed review process.	Authorized Users
Signed	Received all required digital signatures.	Authorized Users
Rejected	Disapproved during review; needs revision.	Creator & Reviewers
Quarantined	Security threat detected (e.g., virus).	Administrators Only

Archived	No longer active; stored for records.	Authorized Users
-----------------	---------------------------------------	------------------

Document Lifecycle Flow

The following diagram illustrates the typical progression of a document through the system:

6.6 Upload Restrictions

Limit	Value
Maximum file size	Configured by admin (default 100MB)
Maximum files (bulk)	50 files
Supported formats	PDF, DOC, DOCX, XLS, XLSX, PPT, PPTX, TXT, JPG, PNG, GIF

6.7 Antivirs Scanning

All uploaded files are automatically scanned:

Step 1: File upload begins

Step 2: Antivirus scan starts automatically

Step 3: Scan results:

Status	Action
Scanning	Yellow progress indicator
Clean	Upload completes normally
Threat Detected	File is quarantined, upload blocked

6.8 Upload from Documents Page

You can also upload documents directly from the Documents page:

Step 1: Click "Documents" in navigation

Step 2: Click "Upload Document" button

Step 3: Choose upload method:

❖ Single File

❖ Bulk Upload

Step 4: Follow the same steps as above

7.Document Management

7.1 Introduction

Documents are the core of the eDMS system. This section covers all document-related operations.

7.2 Accessing Documents

Step 1: Click "Documents" in the main navigation

Step 2: The document list will be displayed

Quick Access Categories

Category	Description	Icon
My Documents	Documents you uploaded	
Department Documents	Your department's documents	
Shared with Me	Others shared with you	
Public Documents	Available to all users	
All Documents	Everything you can access	
Recent	Recently viewed	
Trash	Deleted documents	

7.3 Document Statuses

Status	Color	Description
Draft	Gray	Being created or edited
Under Review	Yellow	In approval workflow
Approved	Green	Passed all approvals
Signed	Blue	Has digital signature
Rejected	Red	Failed approval
Archived	Gray	Moved to archive
Quarantined	Red	Flagged for security review

7.4 Access Levels

Level	Symbol	Description
Private		Only you can access
Department		All department members
Group		Specific group members
Public		All authenticated users

7.5 Uploading Documents

Single File Upload

Step 1: Navigate to **Documents** → **Upload**

Step 2: The upload dialog will appear

Step 3: Drag and drop files OR click to browse

 Drag & drop files here
or click to select

Supported: PDF, DOC, XLS, PPT, TXT
Max size: [configured limit]

Step 4: Fill in document information:

Field	Required	Description
Document Title	Yes	Name of the document
Description	No	Brief description
Category	No	Document classification
Access Level	Yes	Who can view
Tags	No	Keywords for search

Step 5: (Optional) Add custom metadata

Custom Metadata	
Key	Value
Author	[Enter value]
Version	[Enter value]
+ Add Field	

--	--

Step 6: Click "Upload"

Antivirus Scanning

During upload, files are automatically scanned:

Stage	Status	Action
1	Scanning	Progress indicator shown
2	Clean	Upload completes
3	Threat Detected	File quarantined

If a threat is detected:

- ❖ File is moved to quarantine
- ❖ User is notified

❖ Upload is blocked

Bulk Upload

For uploading multiple files at once:

Step 1: Click "**Bulk Upload**" button

Step 2: Note the limits:

- ❖ Maximum 50 files per batch
- ❖ Maximum file size per file

Step 3: Drag and drop multiple files OR click to browse

Step 4: Configure settings:

- ❖ Description prefix (optional)
- ❖ Tags for all files
- ❖ Archive option
- ❖ Access Level for all files

Step 5: Click "Upload [X] files"

Step 6: View upload progress for each file

Step 7: Review results:

- ❖ Successful uploads (shown with green checkmark)
- ❖ Failed uploads (shown with red X, including reasons)

Step 8: Click "Done" to close the dialog

Upload Page (Dedicated)

The system also provides a dedicated upload page:

Step 1: Click "Upload" in the main navigation

Step 2: Choose upload method:

❖ Single File Upload

- ❖ Bulk Upload (multiple files)

Step 3: For Single Upload:

- ❖ Drag and drop file OR click to browse
- ❖ Enter document title
- ❖ Select category (optional)
- ❖ Select access level
- ❖ Add tags (optional)
- ❖ Add description (optional)

Step 4: For Bulk Upload:

- ❖ Drag and drop multiple files
- ❖ Configure common settings for all files
- ❖ Set access level
- ❖ Add tags (optional)

Step 5: Click "Upload" button

Step 6: Wait for antivirus scan to complete

Step 7: View upload status:

- ❖ Scanning (yellow)
- ❖ Completed (green)
- ❖ Quarantined (red - threat detected)

7.6 Creating New Documents

Create Blank Document

Step 1: Click "Create New" → "Blank Document"

Step 2: Select document type:

Document	Type
○ Document	(Word)
○ Spreadsheet	(Excel)

Step 3: Enter title

Step 4: Click "Create"

Step 5: Document opens in editor (OnlyOffice integration)

Create from Template

Step 1: Click "Create New" → "From Template"

Step 2: Browse or search templates

Step 3: Select a template

Step 4: Fill in required fields/variables

Step 5: Click "Create Document"

7.7 Viewing Documents

Step 1: Navigate to the Documents list

Step 2: Use filters or search to find the document

Step 3: Click on the document name or "View" button

Step 4: The document viewer will open

7.8 Document Details Page

The document details page has multiple tabs:

Details Tab

Displays:

- ❖ Document Title
- ❖ Document ID
- ❖ Storage Name
- ❖ File Information (size, type, version)
- ❖ Created By
- ❖ Department
- ❖ Created Date
- ❖ Last Modified Date
- ❖ Tags
- ❖ Access Level

Security Tab

Field	Description
Encryption Status	Encrypted / Not Encrypted
Encryption Algorithm	e.g., AES-256
Encryption Key ID	Unique key identifier
Digital Signature	Signed / Not Signed

Processing Tab

Shows processing status:

Process	Status Options
OCR Extraction	Pending → Processing → Completed
Antivirus Scan	Pending → Scanning → Clean/Threat

- ❖ View OCR results
- ❖ Copy extracted text
- ❖ View confidence score
- ❖ See detected language

Signatures Tab

- ❖ Required signatures
- ❖ Status (Pending/Completed)
- ❖ Signer information

Audit Tab

Complete audit trail showing:

- ❖ All actions on the document
- ❖ Timestamps
- ❖ Users who performed actions
- ❖ Details of changes

7.9 Document Versioning

Viewing Version History

Step 1: Open a document

Step 2: Navigate to **Versions** tab

Step 3: View all versions:

Column	Description
Version	Version number
Changed By	Who made changes
Description	What changed
Date	When changed
Size	File size
Checksum	Unique identifier

Comparing Versions

Step 1: Select two versions using checkboxes

Step 2: Click "Compare Selected"

Step 3: View differences

Indicator	Meaning
Identical Content	Checksums match
Different Content	Checksums differ

Uploading New Version

Step 1: Click "Upload New Version"

Step 2: Describe changes in the text field

Describe what changed in this version:

[_____]

Step 3: Select new file

Step 4: Click "Confirm Upload"

Reverting to Previous Version

Step 1: Find the version you want to revert to

Step 2: Click "Revert to this version"

Step 3: Confirm in the dialog

Note: Reverting creates a new version based on the selected one

7.10 Document Checkout (Locking)

The checkout system prevents concurrent editing.

Checking Out a Document

Step 1: Select the document

Step 2: Click "Check Out"

Step 3: Provide a reason (required):

Reason forCheckout:

[_____]

Step 4: Set checkout duration:

DurationType: ☐Hours ☐Days

Duration Value: [____]

OR

CustomExpirationDate:[Selectdate]

Step 5: Review checkout summary

Step 6: Click "Confirm Checkout"

Result:

- ❖ Document is locked
- ❖ Other users cannot edit
- ❖ Your name appears as the checker-out

Checking In a Document

Step 1: Select the checked-out document

Step 2: Click "Check In"

Step 3: (Optional) Upload new version with changes

Step 4: Confirm check-in

Result:

- ❖ Lock is released
- ❖ Other users can edit
- ❖ Checkout history is updated

Checkout Expiration

- ❖ If duration expires, document auto-checkins
- ❖ User is notified of expiration

- ❖ Checkout history shows "Expired" status

7.11 Sharing Documents

Step 1: Select document

Step 2: Click "Share"

Step 3: Search for users or departments

Step 4: Select the access level for each:

Share with People

Search users or departments...

Access Level: [Private ▼]

[Share] [Done]

Step 5: Click "Share"

7.12 Document Analytics

View document statistics and activity:

Step 1: Select a document

Step 2: Click "Analytics" or "View Stats"

Step 3: View metrics:

❖ Total views

- ❖ Total downloads
- ❖ Total shares

- ❖ Last accessed
- ❖ Access history chart

7.13 OCR Text Extraction

Documents are automatically processed for OCR:

Step 1: Navigate to document's **Processing** tab

Step 2: View OCR status:

Status	Description
Pending	Waiting to process
Processing	Currently extracting
Completed	Text extracted

Step 3: View extracted content:

- ❖ Character count
- ❖ Detected language
- ❖ Confidence score
- ❖ Text preview

Step 4: Copy text:

- ❖ Click "Copy Text" button
- ❖ Text copied to clipboard

8. Letter Management

8.1 Introduction

The Letter Management module handles all correspondence - incoming, outgoing, and internal.

8.2 Accessing Letters

Step 1: Click "Letters" in the main navigation

8.3 Letter Types

Type	Description	Icon
Incoming	Received from external parties	
Outgoing	Sent to external parties	
Internal	Inter-office memos	

8.4 Letter Tabs

Tab	Description
All	All letters
Incoming	Received letters
Outgoing	Sent letters
Internal	Internal memos
Analytics	Letter statistics

8.5 Letter Statuses

Status	Color	Description
Draft	Gray	Being created
Pending	Yellow	Awaiting action
Under Review	Yellow	In approval process
Approved	Green	Approved
Signed	Blue	Digitally signed
Overdue	Red	Past due date

8.6 Creating a New Letter

Step-by-Step Guide

Step 1: Click "Compose Letter" button

Step 2: Select Letter Type:

LetterType:

☐ Incoming ☐ Outgoing ☐ Internal

Step 3: Fill in Basic Information:

Reference Number:	[Auto-generated]
Organization:	[Select organization]

Step 4: Fill in Sender Information:

SenderName:[_____]

SenderDepartment/Org:[_____]

Step 5: Fill in Recipient Information:

RecipientName:[_____]

Recipient Department/Org: [

_____]
]CC Users: [Search and select]

Step 6: Fill in Letter Details:

Subject: [_____]

]Priority: [High ▼]

Department:[Select ▼]

Step 7: Add Content:

Option A - Type content:

Body/Description:

[_____]

[_____]

Option B - Attach file:

Attach	File:	[Choose	File]
--------	-------	---------	-------

Step 8: (Optional) Add Custom Metadata:

Custom Metadata			
Key:	[Location]	Value:	[Room 101]
Key:	[Ref]	Value:	[ABC-123]
+ Add Field			

Step 9: Click "Register Letter" or "Send Letter"

8.7 Viewing Letters

Step 1: Navigate to Letters list

Step 2: Use filters to find the letter

Step 3: Click on the letter

Step 4: View details in preview panel:

Tab	Content
Details	Letter metadata and content
Workflow	Approval status
Attachments	Linked documents
History	Activity timeline

8.8 Letter Analytics

Step 1: Click "Analytics" tab

Step 2: View Key Metrics:

Metric	Description
Total Letters	All letters in period
Avg Processing	Average days to process
Response Rate	Percentage responded
Overdue Rate	Percentage overdue

Step 3: View Charts:

Letter Volume Trend (12-month)

Processing Time Comparison

Peak Hours Distribution

Day-of-Week Distribution

Step 4: Filter by date range:

[7	Days]	[30	Days]	[90	Days]	[YTD]	[1	Year]

9. Templates

9.1 Introduction

Templates allow you to create standardized documents quickly.

9.2 Accessing Templates

Step 1: Click "Templates" in the main navigation

9.3 Template Tabs

Tab	Description
All Templates	Complete list
Popular	Most frequently used
Featured	Highlighted templates
Categories	Organized by category

9.4 Template Types

Type	Description
Document	General documents
Form	Forms with fields
Contract	Legal contracts

Report	Reports
Policy	Policy documents
Procedure	Procedures

9.5 Template Status

Status	Description
Draft	Not published
Active	Available for use
Inactive	Not available
Archived	Archived

9.6 Creating a Template

Step 1: Click "Create Template"

Step 2: Fill in Basic Information:

Template Name: [_____]

]Description: [

]Category: [Select category]

Step 3: Add Content:

Option A - Upload file:

Template File: [Choose File]

Supported:PDF,Images,Word,Text

Option B - Enter content:

TemplateContent:

[_____]

[_____]

Step 4: Define Variables:

Use {{variableName}} for dynamic content

Example:

{{company_name}}

{{date}}

{{author}}

Step 5: Configure Fields:

Field	Name	Type	Required
	company_name	Text	Yes
	date	Date	No
	amount	Number	Yes
	status	Select	No
+ Add	Field		

Step 6: Set Visibility:

- ❖ Public: Available to all users

❖ Featured: Show in featured section

Step 7: Add Tags (optional)

Step 8: Click "Create Template"

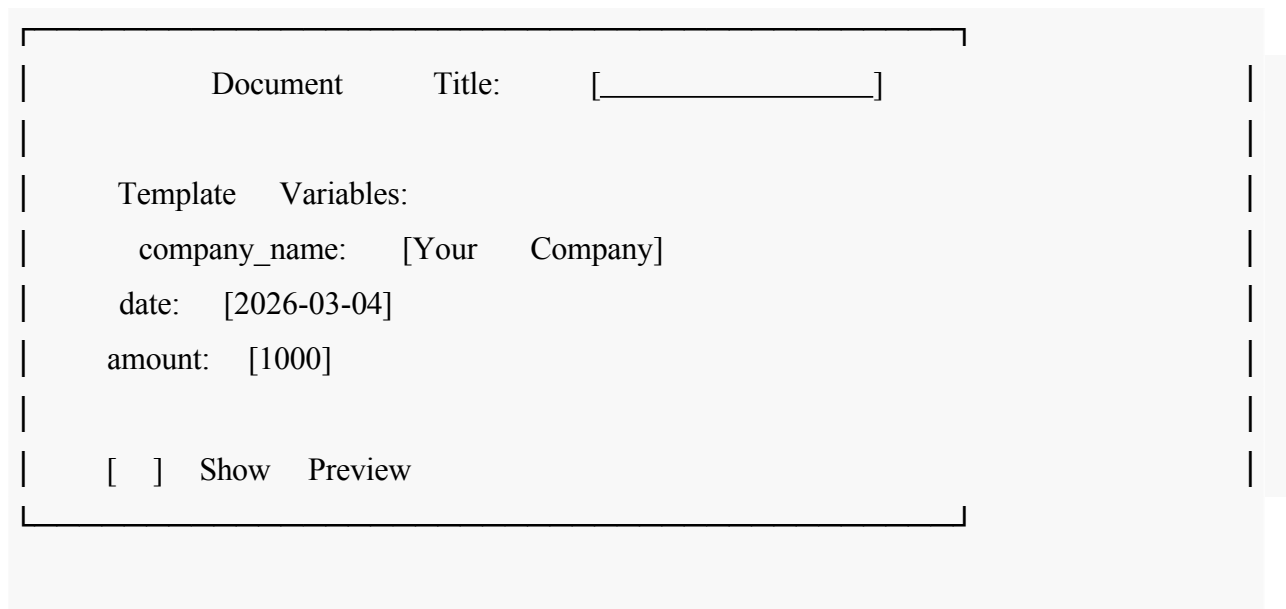

9.7 Using a Template

Step 1: Go to **Documents** → **Create New** → **From Template**

OR

Step 1: Go to **Templates**, find template, click "Use Template"

Step 2: Fill in variables:

The screenshot shows a form for creating a document from a template. It has a light gray background with a white form area. The form contains the following elements:

- A label "Document" followed by a text input field with the placeholder "Title: []".
- A section titled "Template Variables:".
- Three lines of text input fields for variables:
 - "company_name: [Your Company]"
 - "date: [2026-03-04]"
 - "amount: [1000]"
- A checkbox labeled "[]" followed by the text "Show Preview".

Step 3: (Optional) Click "Show Preview"

Step 4: Click "Create Document"

9.8 Managing Templates

Action	Steps
Edit	Click Edit → Modify details → Save
Clone	Click Clone → Rename → Save as new
Delete	Click Delete → Confirm in dialog
Download	Click Download → Save to device

10. Workflow Management

10.1 Introduction

Workflows automate approval processes for documents and other items.

10.2 Accessing Workflows

Step 1: Click "Workflows" in the main navigation

10.3 Workflow Tabs

Tab	Description
Definitions	Workflow templates
Instances	Active workflows
Analytics	Performance metrics
Visual Builder	Design workflows

10.4 Workflow Statuses

Status	Description
Active	Currently available
Inactive	Not available
In Progress	Running
Completed	Finished successfully
Failed	Encountered error
Cancelled	Terminated

10.5 Creating a Workflow Definition

Step 1: Navigate to **Workflows → Definitions**

Step 2: Click "Create Workflow"

Step 3: Fill in Basic Information:

Workflow Name: [_____]

]Description: [_____]

Step 4: Configure Global Policies:

Setting	Description
Default Timeout	Hours before auto-escalation
Min Approvals	Required approvals per step
Allow Parallel	Process multiple steps at once
Auto-escalate	Move forward on timeout

Require Comments	Force comments on actions
-------------------------	---------------------------

Step 5: Add Steps:

Click "Add Step" for each workflow step:

Step	Configuration
Step	Name: [_____]
Step	Type: [Select ▼]
Assignment	Policy:
	☐ Specific Users
	☐ By Role
	☐ By Department
	☐ Custom Rule
	Assigned To: [Select users/roles]
	Timeout: [24] hours
	Min Approvals: [1]
	Required: [Yes/No]

Step 6: Configure Rejection Behavior:

Behavior on Rejection:

- ☐ Return to Previous Step
- ☐ Return to Initiator
- ☐ Return to Specific Step: [_____]

Step 7: Save the workflow

10.6 Workflow Step Types

Type	Description	Icon
Start	Entry point	
Approval	Requires approval	
Review	Under review	
Condition	Branch based on criteria	
Notification	Send notification	
End	Completion	

Starting a Workflow

Step 1: Select a document

Step 2: Click "Start Workflow"

Step 3: Select workflow template:

SelectWorkflow:[Choosefromdropdown]

Step 4: Review workflow steps:

WorkflowSteps:

1. InitialReview(Approval)
2. ManagerApproval(Approval)
3. FinalSign(Signature)

Step 5: (Optional) Add initial comments

Step 6: Click "Submit for Review"

10.7 Working on Workflow Tasks

When a workflow task is assigned to you:

Step 1: Navigate to Tasks → My Tasks

Step 2: Locate the pending task from the list

Step 3: Click on the task to open its details

Step 4: Review the associated document carefully

Approve Task

Step 1: Click "Approve"

Step 2: (Optional) Add comments

Step 3: Click "Confirm"

10.8 Reject Task

Step 1: Click "Reject"

Step 2: Provide reason:

Reason for Rejection:

[_____]

Step 3: Click "Confirm"

10.9 Resubmit (for Rejected Tasks)

Step 1: Make required changes to document

Step 2: Click "Resubmit"

Step 3: Add optional notes

Step 4: Click "Submit"

10.10 Managing Workflow Instances

Step 1: Navigate to **Workflows** → **Instances**

Step 2: View all workflow instances

Action	Description
Reassign	Transfer to another user
Escalate	Move to higher authority
Cancel	Terminate the workflow

10.11 Workflow Analytics

Step 1: Navigate to **Analytics** tab

Step 2: View Metrics:

Metric	Description
Total Workflows	All defined workflows
Total Instances	All workflow runs
Success Rate	Percentage completed
Avg Completion	Average time to complete
Avg Step Time	Average time per step
Throughput	Workflows per hour
Error Rate	Failed workflows

Step 3: View Charts:

✓ Workflow Status Distribution

- ✓ Completion Trends
- ✓ Top Performing Workflows
- ✓ Bottlenecks Analysis

10.12 Visual Workflow Builder

Create workflows using a visual drag-and-drop interface:

Step 1: Navigate to **Workflows** → **Visual Builder**

Step 2: Click "Create New Workflow"

Step 3: Configure workflow basic info:

- ✓ Workflow Name
- ✓ Description
- ✓ Department

Step 4: Drag and drop workflow nodes:

- ✓ **Start Node** - Entry point (required)
- ✓ **Approval Node** - Requires user approval
- ✓ **Review Node** - For review without approval
- ✓ **Condition Node** - Branch based on criteria
- ✓ **Notification Node** - Send notifications
- ✓ **End Node** - Completion point (required)

Step 5: Configure each node:

- ✓ Click on node to open settings
- ✓ Set assignees (users, roles, departments)
- ✓ Set timeout duration
- ✓ Configure approval requirements

Step 6: Connect nodes:

- ✓ Drag from one node's output to another's input
- ✓ Set conditions for conditional branches

Step 7: Configure workflow settings:

- ✓ Default timeout
- ✓ Minimum approvals required
- ✓ Allow parallel processing
- ✓ Auto-escalate on timeout

Step 8: Click "Save" or "Publish"

10.13 Workflow Templates

Use pre-defined workflow templates:

Step 1: Navigate to **Workflows** → **Definitions**

Step 2: Click "Use Template"

Step 3: Browse available templates:

- ✓ Document Approval
- ✓ Document Review
- ✓ Multi-level Approval
- ✓ Custom templates

Step 4: Select a template

Step 5: Customize as needed:

- ✓ Modify steps
- ✓ Add/remove approvers
- ✓ Adjust timing

Step 6: Click "Create Workflow"

11. Task Management

11.1 Introduction

Tasks are workflow items assigned to users for action.

11.2 Accessing Tasks

Step 1: Click "Tasks" in the main navigation

11.3 Task Tabs

Tab	Description
My Tasks	Tasks assigned to you
All Tasks	All system tasks
History	Completed tasks
Analytics	Performance metrics

11.4 Task Statuses

Status	Description
Pending	Waiting for action
In Progress	Being worked on
Completed	Finished
Approved	Approved by reviewer
Rejected	Rejected by reviewer
Returned	Sent back for changes

11.4.1 Task Priorities

Priority	Level	Description
Urgent	1	Immediate attention required
High	2	Important, do soon
Medium	3	Normal priority
Low	4	Can wait

11.4.2 Working on Tasks

Step 1: Navigate to **My Tasks**

Step 2: Find task with status "Pending"

Step 3: Click task to open details

Step 4: Review associated document/content

Step 5: Take action based on the **Approval Method**:

11.4.3 Method: Approval by Signature or Stamp

If the task requires a physical-style approval on the document:

Step A: Click the **Approve** (Checkmark) button. The **Document Placement Dialog** will open.

Step B: The document (PDF) will load in the center, and your signature/stamp will appear in the sidebar.

Step C: Place Asset: Click anywhere on the document page where you want to place your

signature or stamp.

Step D: Navigate Pages: Use the  and  buttons in the toolbar to move between document pages.

Step E: Adjust View: Use the  (Zoom In) and  (Zoom Out) icons to see details.

Step F: Manage Placements:

- ❖ To remove a specific placement, click the **Trash** icon on the overlay or in the sidebar list.
- ❖ To clear all current placements, click **Clear All** in the sidebar.

Step G: Add Comments: Enter your final comments in the sidebar text field.

Step H: Confirm: Click **Apply & Approve**. The document will be burned with your signature/stamp and moved to the next workflow step.

11.4.4 Method: Approval by None (Standard)

If the task only requires a digital confirmation:

Step A: Click the **Approve** (Checkmark) button. The **Approval Dialog** will open.

Step B: Review the task information (Document, Workflow, Assigned User).

Step C: Comments (Mandatory): Enter your comments in the text area. You cannot proceed without adding a comment.

Step D: Confirm: Click the green **Approve** button to complete the task.

11.4.5 Method: Rejecting a Task

If the document is incorrect or requires major changes:

Step A: Click the **Reject** (X) button.

Step B: Select a **Rejection Category** (e.g., Missing Info, Incorrect Format).

Step C: Provide a **Detailed Reason** for the rejection.

Step D: Click **Confirm Rejection**. The document will be returned to the previous step or the

initiator.

11.5 Task Analytics

Step 1: Navigate to **Analytics** tab

Step 2: View:

- ❖ Pending Tasks count
- ❖ In Progress count
- ❖ Completed count
- ❖ Average completion time

12. User Management

12.1 Introduction

User management allows administrators to create and manage user accounts.

12.2 Accessing Users

Step 1: Click "Users" in the main navigation

12.3 User Tabs

Tab	Description
List	All users table
Sessions	Active user sessions
Activity	User activity timeline
Analytics	User statistics

12.4 User Status

Status	Description
Active	Can login and work
Inactive	Cannot login

12.5 Creating a User

Step 1: Click "Add User"

Step 2: Fill in Basic Information:

Username: [_____

]Email: [_____]First Name: [_____
_____]Last
Name: [_____]

Step 3: Set Security:

Password:[_____]ConfirmPassword:[_____]

Step 4: Assign Role & Department:

Role:[Selectrole]

Department:[Selectdepartment]

User is active: [✓]

Step 5: Click "Create"

12.6 Managing Users

Action	Steps
Edit	Find user → Click Edit → Modify → Save
Activate	Select users → Click Activate
Deactivate	Select users → Click Deactivate
Delete	Find user → Click Delete → Confirm

12.7 Searching and Filtering Users

Step 1: Use the search bar to find users by name or email

Step 2: Apply filters

Filter	Options
Role	All Roles / Specific role
Department	All Departments / Specific
Status	All / Active / Inactive
Last Login	Any time / 24h / 7d / 30d / 90d

Step 3: Sort by: Date Joined, Last Login, Name

12.8 Managing Sessions

Step 1: Navigate to **Sessions** tab

Step 2: View active sessions:

Column	Description
User	Username
Device	Desktop/Mobile/Tablet
IP Address	User's IP

Last Activity	Time of last action
Status	Active/Expired

Step 3: Terminate sessions (for security):

- ❖ Select session(s)
- ❖ Click "Terminate Selected"

12.9 User Analytics

Step 1: Navigate to **Analytics** tab

Step 2: View Statistics:

- ❖ Total Users
- ❖ Active Users
- ❖ Inactive Users
- ❖ Average Session Duration

Step 3: View Charts:

- ❖ User Activity Trend
- ❖ Distribution by Role
- ❖ Distribution by Department
- ❖ Top Active Users

12.10 User Activity

View user activity timeline:

Step 1: Navigate to **Activity** tab

Step 2: View activity timeline:

❖ Login times

- ❖ Documents accessed
- ❖ Actions performed
- ❖ IP addresses used

Step 3: Filter by:

- ❖ Date range
- ❖ Action type
- ❖ User

12.11 Importing Users

Bulk import users from CSV:

Step 1: Click "Import Users"

Step 2: Download template CSV

Step 3: Fill in user data:

- ❖ Username
- ❖ Email
- ❖ First Name
- ❖ Last Name
- ❖ Role
- ❖ Department

Step 4: Upload completed CSV

Step 5: Review import preview

Step 6: Click "Import"

12.12 Exporting Users

Export user data:

Step 1: Click "Export"

Step 2: Choose format:

- ❖ CSV
- ❖ Excel

Step 3: Select fields to export

Step 4: Click "Download"

13. Groups and Departments

13.1 Managing Groups

Groups organize users with shared permissions.

13.2 Accessing Groups

Step 1: Click "Groups" in the main navigation

13.3 Creating a Group

Step 1: Click "Add Group"

Step 2: Fill in:

Group Name: [_____]

]Description: [_____]

Step 3: Click "Create Group"

Managing Group Members

Step 1: Find group

Step 2: Click "Manage Users"

Step 3: Search and select users

Step 4: Click "Save"

Managing Group Permissions

Step 1: Find group

Step 2: Click "Manage Permissions"

Step 3: Select permissions from list

Step 4: Click "Save"

13.4 Managing Departments

Departments organize users by organizational structure.

13.5 Accessing Departments

Step 1: Click "Departments" in the main navigation

13.6 Department Views

View	Description
Tree View	Hierarchical structure

List View	Table format
Grid View	Card layout

Creating a Department

Step 1: Click "Add Department"

Step 2: Fill in:

Department Name: [_____]

]Description: [_____]Parent

Department: [Select if sub-department]

Step 3: Click "Save"

13.7 Managing Department Members

Step 1: Select department

Step 2: Click "Manage Users"

Step 3: Add or remove users

Step 4: Save changes

14. Roles and Permissions

14.1 Introduction

Roles define what users can do. Permissions are specific actions on resources.

14.2 Accessing Roles

Step 1: Click "Roles" in the main navigation

14.3 Role Views

View	Description
List View	Table of roles
Matrix View	Grid of permissions
Analytics	Role statistics

14.4 Creating a Role

Step 1: Click "Add Role"

Step 2: Fill in the required details:

Role	Name:	[
]Description:	[	
]Hierarchy Level:	[0-10]	

Step 3: Click "Create Role"

14.5 Managing Role Permissions

Step 1: Locate the role from the roles list

Step 2: Click "Manage Permissions"

Step 3: View permissions by:

- ❖ Resource (Documents, Users, Workflows, etc.)
- ❖ Action (View, Create, Edit, Delete, etc.)

Step 4: Toggle permissions on/off

Step 5: Save changes

14.6 Permission Matrix

Step 1: Navigate to **Matrix** tab

Step 2: View grid:

- ❖ Rows: Permissions
- ❖ Columns: Roles
- ❖ Cells: Granted/Not Granted

Step 3: Click cells to toggle

14.7 Accessing Permissions Directly

Step 1: Click "Permissions" in the navigation menu

Step 2: View all system permissions

Step 3: Create custom permissions by defining name, description, and access rules

Permission Name: [

]Resource: [Select resource]

Action:[Selectaction]

Description:[_____]

15. Search Functionality

15.1 Basic Search

Step 1: Use the search bar in top navigation

Step 2: Enter keywords

Step 3: Results appear automatically

15.2 Advanced Search

Step 1: Click "Search" in navigation

Step 2: Click "Advanced"

Step 3: Configure filters:

Filter	Description
Document Status	Draft, Under Review, Approved, etc.
Access Level	Private, Department, Group, Public
Content Type	PDF, Word, Excel, etc.
Date Range	From and To dates
Department	Filter by department
Owner	Filter by creator
Has Workflow	Yes/No
Is Locked	Yes/No
Is Digitally Signed	Yes/No
File Size	Size range

Step 4: Click "Search"

15.3 Saving Searches

Step 1: Configure your filters

Step 2: Click "Save Search"

Step 3: Enter a name:

SearchName:[_____]

Step 4: Click "Save"

Step 5: Access saved searches from the list

15.4 Search Analytics

Step 1: Navigate to **Analytics** tab

Step 2: View:

- ❖ Total Searches
- ❖ Top Queries
- ❖ Search Trends

15.5 Audit and Compliance

15.6 Introduction

The Audit module tracks all system activities for security and compliance.

15.7 Accessing Audit

Step 1: Click "Audit" in the main navigation

15.8 Audit Tabs

Tab	Description
Overview	Summary of all events
Document Audit	Document-specific logs
User Activity	User activity timeline
Security Events	Security incidents and monitoring
Compliance	Compliance status and scores
Reports	Generate and download reports
Quarantine	Flagged files for review

Scheduled Tasks	Monitoring background jobs
------------------------	----------------------------

15.9 Viewing Audit Logs

Step 1: Select the appropriate tab

Step 2: Apply filters such as date range, user, or activity type

- ❖ Date Range
- ❖ Action Type
- ❖ Severity (Critical, High, Medium, Low)
- ❖ Search keywords

Step 3: View log entries:

Column	Description
Timestamp	When it happened
User	Who did it
Action	What was done
Resource	Affected item
Details	More info
IP Address	User's IP

15.10 Action Types

Category	Actions
Document	Create, Read, Update, Delete, Download, Upload
Security	Login, Logout, Failed Login, Access Denied
Workflow	Start, Approve, Reject, Complete
Permission	Grant, Revoke

15.11 Document Audit

Step 1: Navigate to **Document Audit** tab

Step 2: View document lifecycle:

- ❖ Upload/Creation
- ❖ Views/Reads
- ❖ Edits/Updates
- ❖ Status changes
- ❖ Signatures/Placements
- ❖ Deletion/Archive

15.12 User Activity

Step 1: Navigate to **User Activity** tab

Step 2: Monitor user actions:

- ❖ Logins/Logouts
- ❖ Resource access
- ❖ Settings changes
- ❖ Profile updates
- ❖ Password changes

15.13 Security Events

Step 1: Navigate to **Security Events** tab

Step 2: Monitor:

- ❖ Failed login attempts
- ❖ Unauthorized access attempts
- ❖ Suspicious activities
- ❖ Data breach indicators

Step 3: Filter by status:

Status	Meaning
Resolved	Issue addressed
Investigating	Being looked at
Open	New issue

15.14 Compliance Management

Step 1: Navigate to the Compliance tab

Step 2: View the overview

- ❖ Compliance Score
- ❖ Compliant Requirements
- ❖ Critical Issues
- ❖ Upcoming Assessments

15.15 Compliance Areas

Area	Description
Data Encryption	AES-256 encryption status
Access Control	RBAC enforcement
Audit Trail	Log retention and integrity

15.16 Generating Reports

Step 1: Navigate to the Reports tab

Step 2: Click "Generate New Report"

Step 3: Select Template:

Template	Description
Comprehensive Audit	Complete audit trail
Security Events	Security incident analysis
Compliance	Regulatory adherence
User Activity	User behavior analysis
Document Access	Access patterns

Step 4: Configure Parameters:

- ❖ Date Range
- ❖ Event Types
- ❖ Severity Levels
- ❖ User Groups
- ❖ Departments
- ❖ Document Types

Step 5: Click "Generate Report"

Step 6: Download generated report

15.17 Quarantine Management

Step 1: Navigate to the Quarantine tab

Step 2: View flagged files

Field	Description
Checksum	Unique file identifier
Reason	Why flagged
Date Quarantined	When detected
Size	File size

Step 3: Take Action:

- ❖ **Restore:** Return to normal storage
- ❖ **Delete Permanently:** Remove from system

15.18 Scheduled Tasks

Step 1: Navigate to **Scheduled Tasks**

Step 2: View scheduled tasks:

Column	Description
Job Name	Task name
Schedule	When it runs
Status	Running/Scheduled/Error
Last Run	Previous execution
Next Run	Upcoming execution
Duration	How long it takes

Step 3: (Admin) Trigger manual execution if needed

16. System Settings

16.1 Introduction

System settings configure the eDMS application.

16.2 Accessing Settings

Step 1: Click "Settings" in the main navigation

16.3 Settings Tabs

Tab	Description
General	Basic configuration
Security	Authentication policies
Email	SMTP configuration
Notifications	Notification preferences
Storage	Storage management
Integrations	Third-party services

16.4 General Settings

16.4.1 Site Configuration

Step 1: Navigate to **General** tab

Step 2: Configure:

Setting	Description
Site Icon	Upload organization icon
Site Name	Organization name
Admin Email	Administrator email
Site Description	Brief description

16.4.2 Sidebar Customization

Step 1: Customize colors:

- ❖ Gradient From/Via/To
- ❖ Text Color

- ❖ Active Item Color
- ❖ Hover Color

- ❖ Border Color

Step 2: Select preset themes:

- ❖ Default Dark
- ❖ Deep Blue
- ❖ Purple
- ❖ Green
- ❖ Reset to Default

16.4.3 Localization

Step 1: Set preferences:

- ❖ Language: English, Amharic, Oromo, Tigrinya

16.5 Security Settings

Step 1: Navigate to **Security** tab

Password Policy

Setting	Default
Minimum Password Length	8 characters
Require Special Characters	Yes
Session Timeout	30 minutes
Max Login Attempts	5
Two-Factor Authentication	No

File Security

Setting	Description
Allowed File Types	Extensions permitted
Max File Size	In MB
IP Whitelist	Allowed IP addresses

16.6 Email Settings

Step 1: Navigate to **Email** tab

Step 2: Configure SMTP:

SMTP Host: [_____]
[_____
]SMTP Port: [
[_____
]SMTP Username: [_____
[_____
]SMTP Password: [_____
[_____

Step 3: Enable/disable email notifications

Step 4: Click "Test Connection"

Step 5: Click "Save"

16.6.1 Dedicated Email Settings Page

The system also provides a standalone Email Settings page:

Step 1: Click "Email Settings" in navigation (if available)

Step 2: Configure email server settings:

- ❖ SMTP Host
- ❖ SMTP Port
- ❖ Username
- ❖ Password
- ❖ Encryption (TLS/SSL/None)

Step 3: Configure sender information:

- ❖ From Email
- ❖ From Name

Step 4: Test the connection

Step 5: Save settings

16.7 Notification Settings

Step 1: Navigate to **Notifications** tab

Step 2: Configure:

Setting	Description
Email Notifications	Enable/disable
Upload Notifications	Notify on uploads
Workflow Notifications	Workflow changes
Security Alerts	Security events
Maintenance Alerts	System maintenance
Digest Frequency	Immediate/Hourly/Daily/Weekly/Never

16.8 Storage Settings

Step 1: Navigate to **Storage** tab

Step 2: Configure:

Setting	Options
Storage Provider	Local, S3, Azure, GCS
Max Storage Size	In GB
Compression	Enable/disable
Automated Backups	Enable/disable
Backup Frequency	Hourly/Daily/Weekly/Monthly
Log Retention	Days

16.9 Integration Settings

Step 1: Navigate to **Integrations** tab

Step 2: Configure:

Setting	Description
OCR Enabled	Text extraction
Antivirus Enabled	Malware scanning
Webhooks Enabled	External notifications
API Rate Limit	Requests per minute
Allowed CORS Origins	Cross-origin URLs

17. Profile Management

17.1 Introduction

Manage your personal account information and preferences.

17.2 Accessing Profile

Step 1: Click on your profile icon in top-right

Step 2: Select "Profile"

17.3 Profile Tabs

Tab	Description
Overview	Account summary
Personal	Personal information
Security	Password management
Preferences	Account preferences
Assets	Signature and stamp

17.4 Overview Tab

View:

- ❖ Profile completion status
- ❖ Account status (Active/Inactive)
- ❖ Quick stats:
 - Member since
 - Last login
 - Account status

17.5 Personal Information

Step 1: Navigate to the Personal tab

Step 2: Update your information, such as name, email, phone number, and address

Step 3: Save changes

- ❖ First Name

❖ Last Name

- ❖ Email Address
- ❖ Phone Number
- ❖ Department (read-only)
- ❖ Role (read-only)

Step 3: Click "Save Changes"

17.5.1 First-Time Login / Password Change

When logging in for the first time or when password reset is required:

Step 1: You will be automatically redirected to change password page

Step 2: Enter your current password (if resetting)

Step 3: Enter new password

Step 4: Confirm new password

Step 5: View password strength indicator

Step 6: Click "Change Password"

Step 7: You will be redirected to the Dashboard

17.6 Security (Change Password)

Step 1: Navigate to the Security tab

Step 2: Enter your current password

CurrentPassword:[_____]

Step 3: Enter new password:

NewPassword:[_____]

Step 4: Confirm new password:

ConfirmNewPassword:[_____]

Step 5: Ensure password meets requirements

Step 6: Click "Update Password"

17.7 Assets (Signature & Stamp)

17.7.1 Upload Signature

Step 1: Navigate to **Assets** tab

Step 2: Under Signature, click "Manage Signature"

Step 3: Upload image file:

- ❖ Format: PNG (recommended)
- ❖ Max size: 5MB

OR

Step 1: Click "Draw Signature"

Step 2: Draw on canvas

Step 3: Click "Save as Signature"

17.7.2 Upload Stamp

Step 1: Under Stamp, click "Manage Stamp"

Step 2: Upload image file:

- ❖ Format: PNG (recommended)
- ❖ Max size: 5MB

18. Notifications

18.1 Introduction

Stay informed about system activities.

18.2 Accessing Notifications

Step 1: Click the notification bell icon in top navigation

18.3 Notification Types

- ❖ Document uploads
- ❖ Workflow status changes
- ❖ Task assignments
- ❖ Approval/rejection notices
- ❖ Security alerts

18.4 Managing Notifications View Notification:

- ❖ Click on notification to view details

Mark as Read:

- ❖ Click "Mark as read" for single
- ❖ Click "Mark all as read" for all

Delete:

- ❖ Click "Delete read notifications"

18.5 Notification Settings

Configure in **Settings** → **Notifications**:

- ❖ Email notifications
- ❖ Upload notifications
- ❖ Workflow notifications
- ❖ Security alerts
- ❖ Digest frequency

18.6 Notification Categories

18.6.1 Document Notifications

- ❖ Document uploaded
- ❖ Document downloaded
- ❖ Document shared with you
- ❖ Document status changed
- ❖ Document signed

18.6.2 Workflow Notifications

- ❖ Workflow assigned to you
- ❖ Workflow approved
- ❖ Workflow rejected
- ❖ Workflow completed
- ❖ Task deadline approaching

18.6.3 Security Notifications

- ❖ New login detected
- ❖ Password changed

- ❖ Account locked
- ❖ Suspicious activity

19. Troubleshooting

19.1 Common Issues

Login Issues

Problem	Solution
Account locked	Contact administrator
Invalid credentials	Check username/password

Upload Issues

Problem	Solution
File too large	Check max file size limit
Wrong format	Use supported file types
Upload failed	Check network connection

Document Issues

Problem	Solution
Can't view	Check file format support
Can't edit	Document may be checked out
Can't sign	Check permissions

Workflow Issues

Problem	Solution
Can't start workflow	Check workflow permissions
Task not appearing	Refresh page or check filters
Approval not working	Check approval settings

Session Issues

Problem	Solution
Session expired	Login again
Multiple sessions	System allows single session per user

19.2 Getting Help

- ❖ Contact your System Administrator
- ❖ Check system notifications
- ❖ Review Audit logs for error details

19.3 Error Messages Reference

Error Message	Meaning	Solution
Session expired	Login session timed out	Log in again
Access denied	Insufficient permissions	Contact administrator
Document locked	Document checked out	Wait or contact checker
File quarantined	Threat detected	Contact administrator
Upload failed	Check file size/type	Try different file
Workflow not found	Workflow may be inactive	Check workflow status

Appendix A: Status Colors

Status	Color
Success/Active/Approved	Green
Warning/Pending	Yellow
Error/Rejected/Critical	Red
Info/Under Review	Blue
Draft/Inactive	Gray

Appendix B: File Size Limits

Category	Typical Limit
Single file upload	Configured by admin
Bulk upload	50 files max
Document title	255 characters
Description	1000 characters

Appendix C: Supported Languages

Language	Code
English	en
Amharic	am
Oromo	or
Tigrinya	ti

Appendix D: Security Best Practices

1. **Use strong passwords** - Mix of characters, numbers, symbols
2. **Don't share credentials** - Keep your password private

3. **Lock your workstation** - When stepping away
4. **Report suspicious activity** - Contact administrator immediately
5. **Keep signatures private** - Don't share your digital certificates

20. Appendix F: Navigation Quick Reference Main Navigation Items

- ❖ **Dashboard** - Overview and analytics
- ❖ **Upload** - Quick file upload
- ❖ **Documents** - Document management
- ❖ **Letters** - Letter/correspondence management
- ❖ **Search** - Global search
- ❖ **Templates** - Document templates
- ❖ **Users** - User management
- ❖ **Sessions** - Active user sessions
- ❖ **Roles** - Role management
- ❖ **Permissions** - Permission management
- ❖ **Groups** - Group management
- ❖ **Departments** - Department management
- ❖ **Workflows** - Workflow management
- ❖ **Tasks** - Task management
- ❖ **Settings** - System settings

21. Top Navigation Bar

- ❖ **Logo** - Click to go to home
- ❖ **Search** - Global search
- ❖ **Notifications** - View notifications
- ❖ **Language** - Switch language
- ❖ **Profile** - User menu

Appendix G: Access Level Reference

Level	Symbol	Description	Who Can Access
Private		Only owner	Owner only
Department		Department members	All department users
Group		Group members	Specific group members
Public		All users	All authenticated users

Appendix H: Workflow Step Types

Type	Icon	Description	Action Required
Start		Entry point	Automatic
Approval		Requires approval	Approve/Reject
Review		Review only	Review/Comment
Condition		Branch logic	Automatic
Notification		Send notification	Automatic
End		Completion	Automatic

Appendix I: Supported File Types

Documents

Format	Extension	Description
PDF	.pdf	Portable Document Format
Word	.doc, .docx	Microsoft Word
Text	.txt	Plain text
Markdown	.md	Markdown

Spreadsheets

Format	Extension	Description
Excel	.xls, .xlsx	Microsoft Excel
CSV	.csv	Comma-separated values

Presentations

Format	Extension	Description
PowerPoint	.ppt, .pptx	Microsoft PowerPoint

Images

Format	Extension	Description
JPEG	.jpg, .jpeg	Image
PNG	.png	Image
GIF	.gif	Image
SVG	.svg	Vector image

Document Version: v1

Last Updated: 2026

System: Electronic Document Management System (eDMS)
